

Poll Worker Registration

Poll workers play a critical role in ensuring free, fair, and accessible elections.

In West Virginia, county executive committees provide the names of persons nominated to work the polls before each election. When nominated poll workers “call off” for any reason, such as the pandemic, municipal clerks’ offices must appoint alternates to fill the vacancies before Election Day. After learning from other states ahead of the 2020 primary election, West Virginia’s “Elective Service” campaign kicked-off to recruit alternate poll workers.

To serve as a poll worker, you must

- Be registered to vote in your county. Check your registration, update your registration, or register to vote for the first time any time at [GoVoteWV.com](https://www.govotewv.com);
- Be able to read and write the English language;
- Attend training; and
- Be available to work all of Election Day.

You may not serve as a poll worker if:

- You are candidate on the ballot or an official write-in candidate in the election.
- You are the parent, child, sibling, or spouse of a candidate on the ballot or an official write-in candidate.
- You are prohibited from serving as an election official due to any other laws or disqualifications.

Please note that not all counties will need additional poll workers for the General Election. Once you fill out the form, you will be contacted by your Municipal clerk if your services are needed.

Town of Bath General Election Poll Workers Registration Form
