

UTILITY ISSUED BOIL WATER NOTICE

BOIL YOUR WATER BEFORE USING

On February 26, 2024, a water problem occurred on 522 South by Winchester Grade Road,
(Date) (Location)
causing contamination of your water. The areas that are affected are as follows:

Entire Water System or Other _____
(Area of Water System)
Sheetz down to Rldersville Cycle and developments just off US 522

CONDITIONS INDICATE THERE IS A HIGH PROBABILITY THAT YOUR WATER IS CONTAMINATED. TESTING HAS NOT OCCURRED TO CONFIRM OR DENY THE PRESENCE OF CONTAMINATION IN YOUR WATER.

What should I do?

• **DO NOT DRINK THE WATER WITHOUT BOILING IT FIRST.** Bring all water to a boil, let it boil for one minute, and let it cool before using, or use bottled water. Boiled or bottled water should be used for drinking, making ice, brushing teeth, washing dishes, bathing, and food preparation **until further notice**. Boiling kills bacteria and other organisms in the water.

What happened? What is being done?

Potomac Edison had bored through an 8" main line / BSWW is currently on scene to correct the situation
(Describe the corrective action)
We will inform you when you no longer need to boil your water. We anticipate resolving the problem within the end of the week.
(Estimated time frame)

For more information, please contact Kandy Morris at (304) 258-1290
(Contact Name) (Telephone number)

or 271 Wilkes St. Berkeley Springs Wv, 25411. General guidelines on ways to lessen
(Mailing Address)
the health risk are available from the EPA Safe Drinking Water Hotline at 1 (800) 426-4791.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
