Sharron suggested getting Lisa Swanson involved as she was interested in clean up projects. Beth said she would file the paperwork. The suggested sites were the North end of Town, Train Depot, Basketball Courts and the Cemeteries. Beth also said she was reaching out to the 4H club to try and get some volunteer help on cleaning the Cemeteries before May.

There was additional conversation regarding the building code and the requirement to hire a full time Code Enforcer. Chris suggested that we mirror the process that Morgan County have. It was agreed that this would be a good path forward.

Sharron also brought up the potential Law Suit and the defense attorney needs some more info. Scott said to email Mr. Gay and he will handle that.
