Landlord Revert Agreement

Owner Name(s): _____

Mailing Address: _____

Telephone Number(s) _____

I, _____, the Owner and Landlord of the premises listed below, desire to have the water bills (as indicated) rendered for each of these premises automatically transferred to my name, whenever any of these premises is vacated. I further understand that I am still responsible to contact Berkeley Springs Water Works and notify them each time the account is to be placed back in my name(s). I agree that I will be the customer of record and be responsible for paying the water bill (as indicated) for said premise(s) until such time as a new tenant or tenants apply for service and become a valid customer or customers of record. I agree to pay a **\$75.00** Security Deposit for each premise, and I further agree that said deposit(s) will be held by the Utility, in accordance with Public Service Commission Rules, as long as I own the property/properties or until termination of this agreement, upon written notice of termination. I understand that if the Utility does not already have a copy of my valid driver license on file, that a copy will be requested upon signing this document.
